FAQs

Q: How to use passcode to unlock?

A: Enter "passcode" + "#" on the keypad to unlock.

Q: How long is the battery life?

A: Batteries can last over a year. You will receive low battery alerts via the app when it is time to change them.

Q: How to share my gun safe?

A: You can share your gun safe with others by sending eKey with "Sifely Smart Lock" app by going to app -> eKey.

Q: How to turn off sound of the gun safe?

A: Please go to app -> settings -> lock sound to turn off sound.

Q: Can I remotely control my gun safe over WiFi?

A: To remotely control your gun safe, you will need a Sifely Gateway to connect it to your WiFi. Visit www.sifely.com for more information.

Additional Add-on?

Sifely Gateway

Sifely Gateway is an optional add-on that will unlock all remote features of "Sifely Gun Safe" including remotely unlock, remotely delete fobs/fingerprint, and remotely read real-time activity logs, etc.
